General Specifications

Wood Veneers

Nevers® products are manufactured primarily of Plain Sliced Mahogany, Black Walnut, White Oak, Cherry and Maple. Other woods may be specified. Please contact Customer Service for price and availability. Mahogany, Walnut, Oak, Cherry and Maple veneer panels are laid up with plain sliced faces and are balanced on back to minimize warping and balance stresses.

Ribbon striped mahogany is available at an upcharge.

Wood Surface Cleaning

Wood furniture should be cleaned with a damp, soft cloth, wiping in the direction of the wood grain. Wood surface should then be dried with a dry, soft cloth. Monthly, wood surfaces should be cleaned with a soft cloth using a quality wood cleaner. Following cleaners directions, slightly dampen soft cloth and wipe in direction of wood grain. Dry the wood surface with a dry, soft cloth. Ammonia or any type of oil should be avoided.

Standard Wood Finishes

Nevers' standard finish is a multi-step process involving dyes, stain, sealer, toner and lacquer. For added protection and durability, the final top coat on all table tops is catalyzed lacquer. All of the finishes have been formulated for maximum clarity to enhance the natural characteristics of each particular wood species. Standard finish is open pore. Semi-filled and filled finishes require an upcharge and may extend the lead time. Please contact Customer Service for price and delivery date.

For other wood species, contact Customer Service for special pricing and availability.

Custom Wood Stains and Finishes

Nevers offers the capability of matching your custom stains or finishes. Virtually any wood finish or color sample can be matched to your specifications. A finish sample or stain sample is required from the customer before the process of matching approval can begin. The upcharge for custom finishes varies with the type of finish and also with the quantity ordered. Please contact Customer Service for pricing. For custom stain match – any order under \$5000 list there is a \$270 net upcharge.

Note: COLOR VARIATION WILL OCCUR IN THE GRAIN OF ALL WOOD SPECIES.

This is an inherent characteristic caused by the annual growth rings found in all hardwoods and the manner in which the boards and veneers are cut across these growth rings. In some species, this color variation is very subtle. In other species this color variation is obvious and at times radical.

Other stains and finishes tend to blend in these variations to some extent dependent upon the depth of color and the particular method of application.

Terminology

There are several names used in this Specification Guide/Price List that are unique to Nevers' Americana Contemporary Office Collection:

Configurations

Configurations refer to the **complete unit** that you are specifying; such as "Free Standing", "U Shape Tier Executive", "U", "L", and "T" **Configurations**. Configurations are composed of several **Elements**.

Elements

Elements refer to the components and sub-assemblies of the **Configuration** being specified. The Foundation Element contains the **Model Number** followed by the **Selection Codes**.

Selection Codes

Selection Codes complete the Configuration specification. These codes are used to select your choices for locations and sizes of pedestals, doors/drawers, modesty panels, etc.

Additional Elements and Configurations

Overheads, Tackboards, Towers and other Cabinets are also included in this Specification Guide/Price List. These products are designed to compliment and complete an office specification.

Note: Elements are designed to be specified within each **Configuration** section, so make sure that you use the codes for each Element as it is applied to that **Configuration**.

Additional Definitions

Foundation Element

The Foundation Element is the first Element in each Configuration. The Foundation Element includes the wood species and finish code and the model number of the unit.

For example, a Double Cabinet with two, side-by-side, 18" wide pedestals, will have one Face Lock that locks both pedestals.

Free Standing Desks and Credenzas

Free Standing Desks and Credenzas are complete free standing **Configurations** designed to stand by themselves.

Bridge Modesty Panels

Bridge Modesty Panels can be ordered in two configurations; "Standard" and "Power Management".
